Agroscope

The 11th ModNut workshop amidst the majestic Swiss Alps

Marion Lautrou, Sylvain Lerch, Nabil Mehaba

8-12th September 2025 – Engelberg – Switzerland

www.agroscope.ch | une bonne alimentation, un environnement sain

What is MODNUT ?

Workshop on **MOD**elling **NUT**rient digestion and utilization in farm animals

Our mission: To promote the networking of the international community of nutrients modelers in animal sciences, involving researchers from the academic and industrial fields to enhance innovation and sustainability within the animal production field.

Who organize MODNUT ?

Organised by researchers for researchers & active participants in the field of animal nutrition modelling

International committee:

Antonello Cannas (Italy)

Jan Dijkstra (The Netherlands)

Mark Hanigan (USA)

Ermias Kebreab (USA)

Rafael Munoz-Tamayo (France)

Aline Remus (Canada)

Izabelle Teixeira (USA)

17	18	19	20	21	22	23	21	22	23	24	25	26	27
24	25	26	27	28	29	30	28	29	30	1	2	3	4
31	1	2	3	4	5	6							

From the 8th to the 12th September

MODNUT

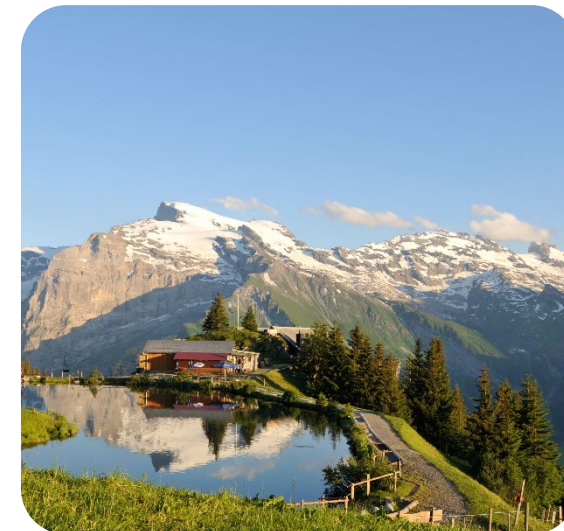

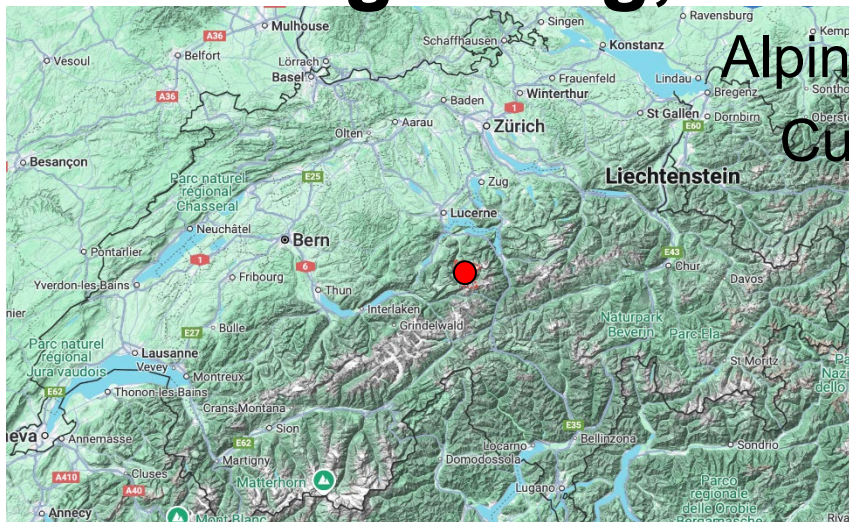

The 11th ModNut workshop amidst the majestic Swiss Alps
Marion Lautrou, Sylvain Lerch, Nabil Mehaba

Engelberg, the angels' mountain

Alpine village of Engelberg, located at the foot of Mount Titlis
Culture, traditions and sports

The 11th ModNut workshop amidst the majestic Swiss Alps
Marion Lautrou, Sylvain Lerch, Nabil Mehaba

Provisional schedule

Provisional program

3 days of conferences and poster presentations

One day of satellite course

Monday 8th September	Tuesday 9th September	Wednesday 10th September	Thursday 11th September	Friday 12th September
	Modnut workshop	Modnut workshop	Modnut workshop	Satellite workshop
	Lunch	Lunch	Lunch	Lunch
	Modnut workshop	Social activities	Modnut workshop	Satellite workshop
Welcome cocktail		Social dinner		

Scientific program

Sessions:

1. Impacts of livestock on the environment

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration
3. Nutrients intake, digestion, utilization and metabolism and feeding systems

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration
3. Nutrients intake, digestion, utilization and metabolism and feeding systems
4. Kinetic models of the fate of drugs and contaminants into farm animals

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration
3. Nutrients intake, digestion, utilization and metabolism and feeding systems
4. Kinetic models of the fate of drugs and contaminants into farm animals
5. Models to assess the multi-performance of livestock systems

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration
3. Nutrients intake, digestion, utilization and metabolism and feeding systems
4. Kinetic models of the fate of drugs and contaminants into farm animals
5. Models to assess the multi-performance of livestock systems
6. Free topics

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration
3. Nutrients intake, digestion, utilization and metabolism and feeding systems
4. Kinetic models of the fate of drugs and contaminants into farm animals
5. Models to assess the multi-performance of livestock systems
6. Free topics

Satellite workshop:

Focus on modelling processes and methodology including initiation to modeling software and practical examples applied to animal nutrition

Scientific program

Sessions:

1. Impacts of livestock on the environment
2. New trends in modelling complex and high dimensional data for knowledge integration

Abstracts will be gathered in an issue of **animal science proceedings**
If interested, opportunity for presenters to publish a peer-review paper in a special issue of **animal** at special rate

6. Free topics

Satellite workshop:

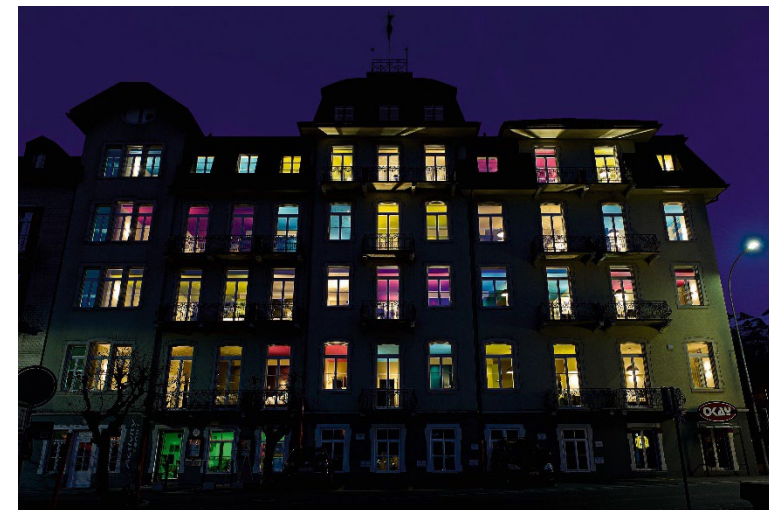

Focus on modelling processes and methodology including initiation to modeling software and practical examples applied to animal nutrition

Hotel Bellevue-Terminus - venue

International Airports: Geneva (GVA) and Zurich (ZRH)
Train: 2 hours from Zurich Airport

The 11th ModNut workshop amidst the majestic Swiss Alps
Marion Lautrou, Sylvain Lerch, Nabil Mehaba

Modelling is the future, become a sponsor !

Excellent opportunity to promote your organisation and putting you in touch with researchers and students from all over the world:

- internet exposure
- mailing campaign
- during the conference

Various way to get involved, let's discuss it !

Meet me during EAAP or contact me:
